[REDACTED] **Melissa Nathan (Owner)**  
Do you mind if I go off-line with just you and Jamey  
I feel we should tell him first, and I'm not sure if we should  
tell Justin today due to his wife celebrations .

8/2/2024 9:46:05 AM

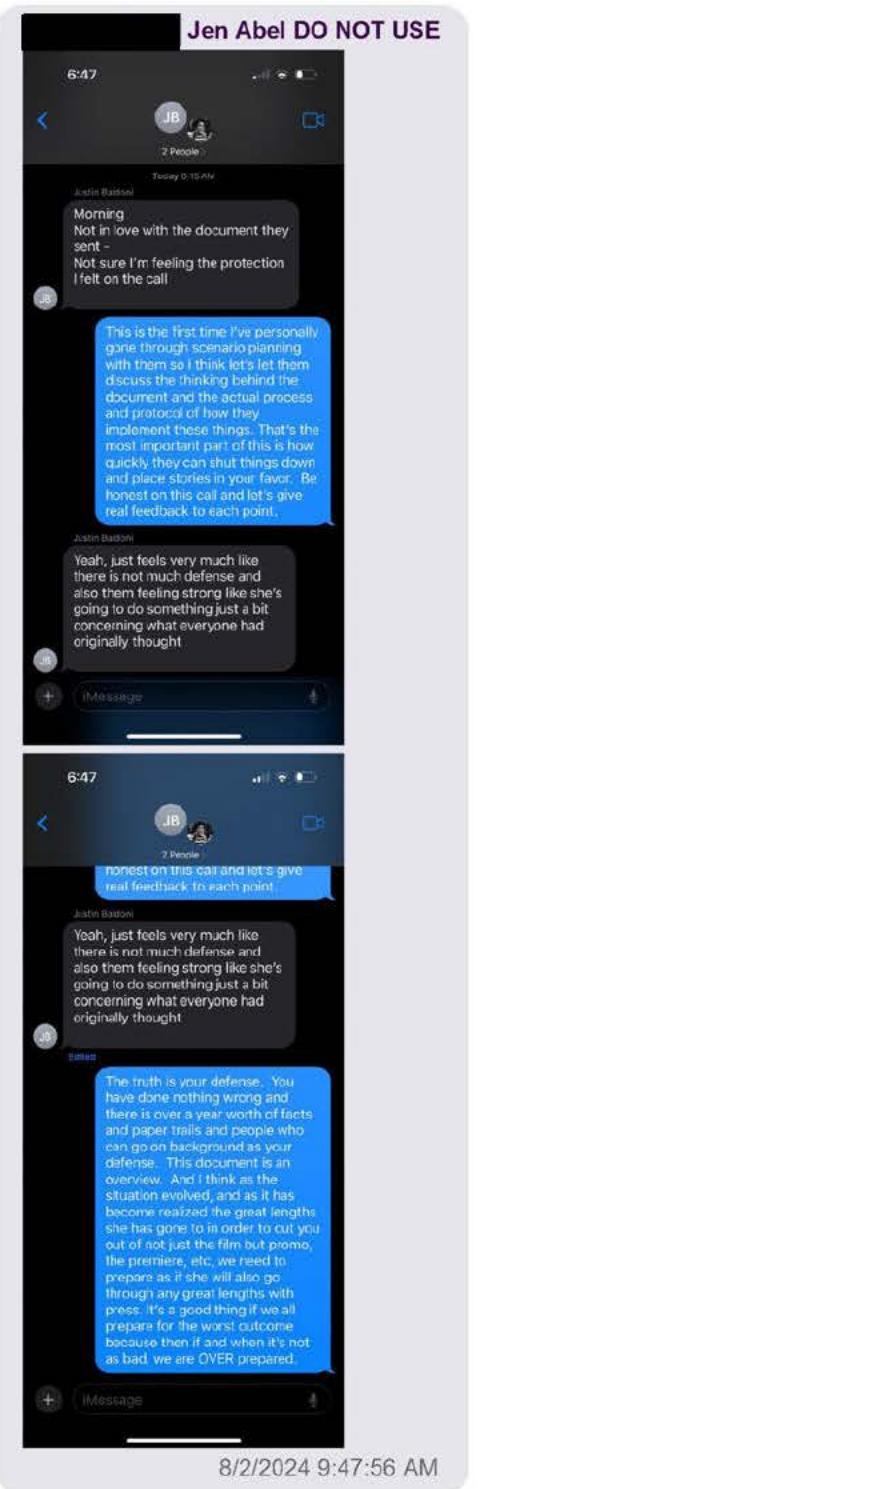

[REDACTED] **Jen Abel DO NOT USE**

You can of course do that but I do think he needs to know.  
I'm going to confidentially send you something he's texting  
me and Jamey on the side just to arm you before this call.  
I think you guys need to be tough and show the strength  
of what you guys can do in these scenarios. He wants to  
feel like she can be buried...

8/2/2024 9:47:25 AM

[REDACTED] **Melissa Nathan (Owner)**  
Of course- but you know when we send over documents  
we can't send over the work we will or could do because  
that could get us in a lot of trouble

8/2/2024 9:47:55 AM

[REDACTED] Melissa Nathan (Owner)

We can't write it down to him  
We can't write we will destroy her. We will go to this. We will do this. We will do this. We will do this.

8/2/2024 9:48:24 AM

[REDACTED] Jen Abel DO NOT USE

Of course not. But I told him that's the point of talking through

8/2/2024 9:48:42 AM

[REDACTED] Melissa Nathan (Owner)

He has to look at it as an information document for us to be armed with  
That's all . Imagine if a document saying all the things that he wants ends up in the wrong hands.

8/2/2024 9:49:03 AM

[REDACTED] Melissa Nathan (Owner)

The work is not the document. The work is the fucking crisis lol

8/2/2024 9:49:22 AM

[REDACTED] Jen Abel DO NOT USE

If it's any consolation, he's like this with everything. Over thinks. Stresses. High anxiety.

8/2/2024 9:49:45 AM

[REDACTED] Jen Abel DO NOT USE

He just needs to be educated on how this process works

8/2/2024 9:49:54 AM

[REDACTED] Melissa Nathan (Owner)

you know we can bury anyone  
But I can't write that to him  
I will, I'll be very tough

8/2/2024 9:50:10 AM

[REDACTED] Melissa Nathan (Owner)

And also, as you know, this is twisting turning because we don't know their moves

8/2/2024 9:50:40 AM

[REDACTED] Melissa Nathan (Owner)

But don't worry, I get it

8/2/2024 9:50:52 AM

[REDACTED] Melissa Nathan (Owner)

I may just drink half a tank of Pepto-Bismol and I'll be ready for the call

8/2/2024 9:51:00 AM

[REDACTED] Jen Abel DO NOT USE

Yes exactly. And maybe that's how you approach the Bahai thing. That we had no idea of this approach and why we can't be proactive as we have no idea what she will come out with

8/2/2024 9:51:16 AM

[REDACTED] Melissa Nathan (Owner)

Done

8/2/2024 9:51:42 AM

[REDACTED] Jen Abel DO NOT USE

I don't know. I'm Jewish and we traditionally have major stomach issues so I think maybe it's a combination I don't know.

I have lost an hour a ton of weight, but now it's due to not eating

8/2/2024 9:55:33 AM

[REDACTED] Melissa Nathan (Owner)

Don't worry, I didn't kill her and send her in a box to your house. It's a congratulations present.

General Agenda: • This is a Strategy doc, not an execution doc, this is for us to keep on hand and reference as her strategy and plan comes to light/knowing where and when to get ahead, how to operate, etc.

- Story coming out
- Need positive messaging points / third party advocates
  - Getting ahead of it - what does this look like?
  - Our recommendations
  - Throwing in a line in a broader piece about the film that positions the situation as no surprise leading up to whatever her team is planning
- Briefing reporters behind the scenes to ensure balance for when her piece runs and is picked up
  - Discuss a more aggressive way to get ahead of this - we will also be contacted for fact checking and able to get an idea of what piece will be, helping identify next steps
- What is he comfortable with
